To Whom It May Concern

Watersupply to Alpha PV 75 MW

Kai !Garib Municipality hereby confirms that we support the abovementioned project and approves the supply of the following quantities of water during the different phases. The water can be sourced from our Keimoes or Kenhardt Water Purification Plants.

- 8500m³/year during construction phase
- 3200m³/year during operation phase
- 72m³ Potable water/year during construction phase: 2.5L/person/day x 110 people average/year x 22 workdays/month x12 month/year= 72.6m³
- 6.6m³ Potable water/year during operation phase: 2.5L/person/day x 12 people average/year x22 days/monthx12 month/year= 7.92m³

I trust you will find this in order.

Yours truly,

M. Clarke

15 November 2016

Att: Ms Jade Feinberg

AMDA, Alpha, Bravo and Charlie

CONFIRMATION OF AVAILABILITY OF MUNICIPAL SERVICES FOR THE CONSTRUCTION AND OPERATIONAL PHASES OF THE PROPOSED AMDA ALPHA, AMDA BRAVO AND AMDA CHARLIE PV DEVELOPMENTS ON PORTION 1 OF N'ROUGAS ZUID NO 121, STRAUSSHEIM, AND OVERHEAD POWER LINE GRID CONNECTION ACROSS PORTION 3 OF GEMSBOK BULT NO120, KENHARDT REGISTRATION DIVISION, NORTHERN CAPE PROVINCE

In connection with the abovementioned developments, this letter serves to confirm that the Kai !Garib Municipality is the service provider for solid waste and effluent collections within the municipal area. We furthermore confirm that we have sufficient unallocated capacity to accept general waste from construction and operational activities at a designated, licenced landfill site. Any hazardous waste generated must be stored on site in suitable skips and removed and disposed to an appropriate licensed facility by an licensed external service provider.

We furthermore confirm that we have sufficient unallocated capacity within our Wastewater Treatment Works to accept effluent (sewerage) generated by the facility.

The Kai !Garib Municipality will enter into service level agreements with the EPC contractor only once the project receives preferred bidder status.

Sincerely,

Municipal Manager
