**ENQUIRY: AGRICULTURAL IMPACT ASSESSMENT: DIVISION KNYSNA
PORTION 38 OF FARM NO 444**

The Enquiry dated 5 September 2022 has reference.

CapeEAPrac has sent an enquiry on whether or not an Agricultural Impact Assessment would be necessary for a development on the abovementioned 8.5ha farm portion. The subject property is situated east of the Goose Valley Golf Estate, west of the NFEPA Keurboons River Wetland and is not a spatially viable agricultural unit even though it is zoned as agriculture I.

The Western Cape Department of Agriculture: Land Use Management deems that, in this case, an Agricultural Impact Assessment would not be necessary. However, this department still remains a relevant commenting body for the proposed development going forward.

Please note:

- Kindly quote the above-mentioned reference number in any future correspondence in respect of the application.

- The Department reserves the right to revise initial comments and request further information based on the information received.

Yours sincerely

Mr. CJ van der Walt

LANDUSE MANAGER: LANDUSE MANAGEMENT
