Dear Interested and Affected Party

Number of pages: 2

SEF REF NO.: 504632  
DEA&PA REF NO.: 16/3/1/2/D6/18/0007/13

**NOTIFICATION OF AVAILABILITY OF THE FINAL SCOPING REPORT FOR THE PROPOSED RESIDENTIAL DEVELOPMENT ON ERF 3122 HARTENBOS HEUWELS, MOSSEL BAY MUNICIPALITY**

The **Afrikaanse Taal- en Kultuurverniging (ATKV)** proposes to convert the currently vacant land, measuring approximately 50 hectares, into a residential township that will consist of the following: 445 single residential plots, 4 group housing plots, 5 public open areas; and associated infrastructure such as roads, sewage, water and electricity. The proposed development is located on Erf 3122 Hartenbos Heuwels, Mossel Bay Municipality.

The ATKV appointed **Strategic Environmental Focus (Pty) Ltd (SEF)** as an independent environmental consultancy to facilitate the S&EIR Process, including the public participation process. In terms of Government Notice No. 543 of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended [NEMA], read with, Government Notice No. 545 (Listing Notice No. 2: Activity 15) and Government Notice No. 546 (Listing Notice No. 3: Activity 14), a S&EIR Process is required in order to obtain Environmental Authorisation for the proposed residential development.

A S&EIR Process is being conducted to ensure that the environmental impacts that may be associated with the proposed residential development are taken into consideration. Interested and affected parties (I&APs) had an opportunity to comment on the Draft Scoping Report (**Tuesday, 21 January 2014 to Monday, 3 March**) by providing issues of concern and/or suggestions for enhanced benefits and/or alternatives. All comments made by I&AP's were recorded and addressed in the Comment and Response Report (C&RR). The C&RR forms part of the Final Scoping Report (Appendix 5).

The **Final Scoping Report** is available for comment from **Friday, 30 May 2014 to Monday, 30 June 2014** at the following venue (see Table 1) and on the SEF website (see below for more information).
